

# Non-Biological Washing Powder

JLA Ultra System Fabricare Non-Biological Washing Powder delivers powerful stain removal in an enzyme-free formulation that is kind to sensitive skin. Free flowing and economical, it has a mild fresh fragrance and is effective against odours. Suitable for use at all washing temperatures and effective in both hard and soft water conditions, JLA Ultra non-biological powder is versatile and powerful enough for the laundry-intensive demands of markets such as healthcare and hospitality.

## Benefits

- Extremely effective in all water conditions and temperatures
- Enzyme-free – kind to sensitive skin
- Freshens laundry
- Very economical
- Easily dispensed powder

## Usage instructions

**Pre wash:** Select the wash process to correspond to the garment manufacturers temperature recommendations. Add the washing powder to the powder dispenser at the average rate shown in the table.

**Clothes washing:** A cold pre wash below 40°C with a scoop of JLA Ultra System Fabricare Non-Biological Washing Powder will help to remove heavy staining from blood, faeces, food and other organic residues.

Amount required will depend on the machine size and the conditions encountered.
