Education

# Laundry and catering equipment.

We'll take care of it.

**JLA**

# Our priority is to help you deliver the best education.

After many years working with schools and colleges, we know you need to maximise a tight budget. It's why our experts are here to advise on the most cost-effective, energy-saving equipment for your setting.

Whether you're preparing tasty meals or washing muddy kits, our commercial catering appliances and laundry room essentials will help to simplify your day-to-day, so you can focus on helping your staff and students succeed.

And thanks to our network of 450 engineers, you can always count on our support to keep your laundry room or canteen running.

Talk to our experts: [0800 591 903](tel:0800591903)

## Why choose JLA

Our unique understanding of your day-to-day challenges makes us the ideal partner to help you balance tight budgets with sustainability targets.

Across catering and laundry, we'll work with you to keep your students' clothes clean and plates filled with nutritious food. All while saving you money and reducing your carbon footprint.

“

*I would absolutely recommend JLA to other schools and colleges who are looking for complete laundry solutions.*

# First-class laundry solutions

JLA's commercial laundry systems include WRAS-approved, energy-efficient washing machines and tumble dryers that have been designed to minimise costs, reduce your carbon footprint, and take the hassle out of keeping clothes fresh and clean.

As space can often come at a premium, many of our bestselling models are stackable for extra flexibility. And to help you minimise time spent loading and unloading, our equipment is also intuitive to use, with large doors and intelligent programme functions making sure your staff can get back to more important tasks with ease.

We also supply laundry detergents, fabric softeners, destainers and wash boosters, along with auto-dosing systems to reduce wastage and guarantee great results from every cycle.

## Upgrade your laundry room

### Energy-efficient SMART washers

JLA washing machines – including our bestselling SMART washers, which calculate how much water and electricity is needed for each cycle – are designed to handle continuous use and still deliver great results.

### SAFE tumble dryers

Our dryers have been built to be durable and long-lasting, as well as energy-efficient. All use our S.A.F.E dryer fire extinguishing system, which monitors drum temperature and releases water vapour in an emergency.

### Space-saving stackable systems

Fit two state-of-the-art machines in the space of one with JLA's handy stackable washer/dryer or dryer/dryer configurations.

### OTEX ozone disinfection

Save money on your energy bills, reduce your carbon footprint and improve linen quality with the OTEX ozone disinfection system.

# Catering solutions

We know it can be a challenge to cook large quantities of healthy food in a short period of time – especially on a fixed budget. To make every mealtime easier, we offer a range of powerful yet energy-efficient cookers, fridges and freezers, food warmers and high-volume warewashing solutions.

Innovations include our ten-grid, Energy Star-rated Intelli-Cook combi oven, which offers flexible rack solutions, programmes for multiple meal types, and the ability to seal nutrients into cooked food. Then there are our conventional ovens, which help to finish a variety of dishes in less time.

Our bespoke made to measure serving counter create a positive lunch experience that promotes healthy eating habits and keeps students energised for learning. Display options also encourage students to choose balanced meals with designated areas for fruits, vegetables, and hot entrees.

And our job isn't done when dinner is served, for reliable washing up combined with energy saving features, you can count on our range of passthrough dishwashers which can process hundreds of plates, glasses and cutlery per hour.

Plus, thanks to catering detergents and chemicals that include everything from dishwasher liquids to rinse aids, you'll have everything you need to keep your crockery clean and hygienic.

## Transform your kitchen

### Triple-glazed combi ovens

Save time, money and energy while preserving nutrients with JLA's range of preprogrammed combi ovens.

### Versatile range ovens

Our range ovens are designed for heavy use and can cope effortlessly with the demands of busy school mealtimes.

### Fast, powerful dishwashers

Make washing up a breeze with JLA's passthrough dishwashers, capable of cleaning hundreds of plates per hour.

### Hot cupboards and serving counters

Keep everything ready to serve well after it's finished cooking with our durable hot cupboards and bespoke built serving counters.

# Fire Safety & Security

The safety of your pupils and staff is paramount. At JLA, we design, install and commission fully accredited fire safety and security systems that protect you when it matters, and are only disruptive when they need to be.

What's more, we back these systems with annual and bi-annual servicing options and fire risk assessments, and work closely with the government to understand and help you plan for any upcoming changes in regulations.

**In short, we stay ahead...  
so you stay compliant.**

*We design, install  
and commission fully  
accredited fire safety and  
security systems.*

## **Fire risk assessments**

Proactive risk assessments take the stress out of safety. We're BAFE SP205-accredited, so our experts can identify risks and help you mitigate them.

## **Fire alarms, fire extinguishers and emergency lighting**

Prioritise safety whilst meeting regulations with our market leading safety systems including; fire alarms, fire extinguishers and emergency lighting.

## **Fire doors**

Stay compliant with our BM Trada Q Mark FD30 and FD60 fire-resistant doors.

## **Security**

Our CCTV systems, access controls and intruder alarms work hard to keep you, your students and staff protected.

# Heating & Air Conditioning

Your pupils and staff deserve the peace of mind that they will never go without heating, air conditioning and hot water – guaranteed.

We're also embracing the upcoming sustainability targets with appliances that will reduce energy consumption while keeping the hot water flowing.

Our team are experts in helping you find the right equipment. Whether it's an air conditioning unit, hot water cylinder, boiler or water storage heater, we have the solution that is right for you.

We'll take **care** of it .

*We look at your specific needs and develop the right commercial heating or air conditioning solution for you.*

## Future-proof hydrogen ready boilers

Our new systems reduce energy costs and consumption.

## Wall-mounted air conditioning units

Offering high seasonal efficiency, advanced control options and quiet operation, this range provides extreme flexibility and ease of installation.

## Wall-mounted boilers

Wide range of heating solutions, perfect for areas with limited floor space.

## Ceiling-mounted air conditioning units

A ceiling cassette system that blends a host of outstanding features with a sophisticated streamlined design.

# Solutions tailored to your business

New equipment. No hidden charges.

## This is JLA Total Care

With Total Care, our unique, all-inclusive package, you enjoy complete peace of mind.

in the last 48 hours

#### Number of Cycles

Total: 90 Cycles

Wash Cycle	Count
Hot + prewash 60°C	47
Fast hot 50°C	21
Warm prewash	20
Thermal Disinfection	10
Extra hot 90°C	2

# About the team

Meet some of our expert key contacts for your sector. With their combined knowledge and commitment, our dedicated team are here to support you every step of the way.

**Kristian Gabor**  
Business Development Manager

Kristian is on a mission to support customers across the education sector with his expertise in catering and laundry equipment, and keen focus on sustainability. Celebrated for his passion and strong relationships with local combined authorities, trusts, colleges and universities, Kristian understands the sector's unique needs and loves to deliver tailored solutions.

**Daniella Sumner**  
Business Development Executive

Daniella's primary focus is on nurturing long-lasting relationships with customers including many of JLA's key national accounts. With exceptional account and relationship management skills, and a knack for understanding and supporting customers with their daily challenges, Daniella helps to keep essential equipment running seamlessly.

# Compliance

Forms and audits can be complex and time-consuming... but compliance isn't a grey area.

That's why it pays to know that, along with making sure your equipment is serviced and compliant for now and the future, we also understand and stay up-to-date with regulations in all sectors. This means we can provide expert advice and help you manage all the necessary paperwork.

JLA is fully accredited by more than 20 different regulatory bodies, including the leading fire safety bodies, so you'll stay compliant. From HACCP to Gas Safety certificates, WRAS 5 to ISO 9001 or ISO 14001, we'll take care of it.

## Accreditations

JLA is accredited by more than 20 bodies, including:

# National coverage. Local support.

With 450 engineers based all over the UK and Ireland, we're on hand to keep you up and running.

## Local engineers, nationwide

With the industry's largest distribution of engineers, we're always just around the corner.

## A team you can trust

JLA engineers are trained, trusted and managed by us. The JLA logo on our workwear isn't just a promise of quality, but accountability. It says, from installation to maintenance, we'll take care of it.

## Smart diagnostics with thousands of parts in stock

We know there's no time for downtime. Thanks to 350,000 parts held in stock and a powerful diagnostic system that finds faults quickly, we fix most problems on our first visit.
